SUN COUNTRY AIRLINES ANNOUNCES 12 NEW NONSTOP SEASONAL ROUTES IN ONE OF THE LARGEST EXPANSIONS IN COMPANY HISTORY

Sun Country Rewards members to earn four times the points when booking these routes before November 7

MINNEAPOLIS. November 5, 2019 – [Sun Country Airlines](http://SunCountryAirlines.com) today announced one of the largest route announcements in company history, adding 12 nonstop seasonal flights and four airports to its growing network. The expansion includes four nonstop routes from Minneapolis-St. Paul International Airport (MSP), five from Dane County Regional Airport in Madison (MSN), and three from Dallas Fort Worth International Airport (DFW).

The airline welcomes Baltimore Washington International Airport (BWI), Bozeman Yellowstone International Airport (BZN), Cleveland Hopkins International Airport (CLE) and Portland International Jetport (PWM) in Portland, Maine to its network.

“We are excited to expand our seasonal summer routes in these key markets, and to expand our network into new airports,” said Sun Country Airlines CEO Jude Bricker. “Over the past year we’ve grown and made incredible improvements – we’ve improved our inflight experience, upgraded our technology and are carrying more passengers than ever before in the history of the airline. Today’s announcement will allow us to connect even more guests to their favorite people, places and memories.”

Sun Country Rewards members who book one of the new routes before 11:59 p.m. CT on Thursday, November 7 will earn four points per dollar on their bookings. These routes are on sale now at suncountry.com.

In addition to the new routes, Sun Country also announced it is extending its schedule through August 24, 2020, allowing guests to begin booking their summer vacations.

Sun Country first began its extensive growth outside of its home base of MSP in June 2018. With today’s expansion, the airline operates a total of 91 routes across 55 airports and has grown its network by nearly 72 percent, announcing 46 new markets in 2019 alone.

Sun Country has added to its customer experience over the last year with free in-flight entertainment, a new mobile-friendly website with more self-service tools, and new interiors on each aircraft. Later this year, the airline will launch kiosks in the MSP airport, making check-in quicker and more convenient.
